Re: Streamlining Legal Authority, Protection Criteria, and Local Limits Preliminary Approval
Arlington Pretreatment Program
NPDES Permit No. TN0078603
Shelby County

Dear Mr. Perkins:

The Division of Water Resources acknowledges receipt, on February 16, 2017, of revisions to Arlington's proposed Sewer Use Ordinance (SUO) and incorporated Enforcement Response Plan (ERP). The proposed changes satisfy state and federal requirements; therefore, this division is giving preliminary approval.

The division also acknowledges receipt, on March 23, 2017, of Arlington's proposed Plant Protection Criteria (PC) and Local Limits (LLs) calculations for the Arlington wastewater treatment plant. The calculations and proposed limits are acceptable and appear to adequately protect both the POTW and the environment. Therefore, the division grants preliminary approval for the limits.

These changes are considered a substantial modification to your pretreatment program (Tennessee Rule 0400-40-14-.18(2)). As such, public notification is required. The following steps need to be taken:

1. Arlington shall publish a notice, in a newspaper of general circulation that provides meaningful public notice within the jurisdiction served by the Arlington WWTP, indicating that the previously approved pretreatment program is being amended. The notice should include:
 - A. A brief description of the proposed changes
 - B. The length of time for public review, not less than thirty (30) days
 - C. An invitation to comment on the change

2. Following the comment period, Arlington is to submit to this office the following:
 - A. A notarized statement from the newspaper publisher, attesting that the notice was published (the notice needs to be published only once)
 - B. A copy of the notice
 - C. A copy of all comments and any responses by Arlington

Following the receipt of the information in No. 2 above, this Division will give final approval of the modifications, provided that public comments have been dealt with satisfactorily. If you have any questions, please do not hesitate to contact me at (615) 532-8786 or Laurel.Rognstad@tn.gov.

Sincerely,

Laurel Rognstad
Environmental Protection Specialist
Compliance and Enforcement Unit
